We don't have any short papers. We just have the recent updates and history. Both are attached.
Rick – Andrea said that you drafted a short one.

I'm not sure who has the most recently used briefing paper. The paper we used for Shawn and Cecil is pretty long. Cosmo seems to prefer on pagers, but I don't think we have an existing one pager unless HSCD does.

Roger, do we have any recent briefs that are one pager or less?

How did you want to coordinate this?

Deb

We can put something together. This will need to involve HSCD since they have a lot of interaction with ANG and Navy on the Warminster and Willow Grove sites.

Subject: PFAS update for Toomey chief of staff call tomorrow

Hey Rick,

Cos has a short meeting with Senator Toomey's chief of staff tomorrow.

Sasha put together some bullets but Cos would like an update on the status of our interactions with the base / Air National Guard / PADEP, etc. regarding the PFOA issue.

Could you please put something together by COB today? Even if it's just an update to the existing briefing paper.

Please let me know if you have any questions.

Thank you!
